

**Job Title:** Project Manager

We are looking for an experienced Construction Project Manager to plan and supervise a wide range of projects from start to finish. You will be well-versed in all construction methodologies and procedures and able to coordinate a team of professionals to achieve the best results with an analytical mind and great organizational skills.

**Qualifications:**

5-10 Years of progressive construction experience.

Demonstrated leadership and communication skills.

In-depth knowledge of project construction law and building codes.

Experience implementing a strong safety culture.
